Information collected by Total Aesthetics is used internally by authorized Total Aesthetics employees for three main purposes. First, we collect information to determine how to improve our site by seeing which areas, features and products are most popular. Second, we collect information in order to personalize the site for our customers. For example, in the future, we may recommend products or features you may like based on what you have liked in the past. Lastly, we keep track of the domains from which people visit us. We analyze this data for trends and statistics, and then discard it.
